- N**ever compromising on quality
- E**very customer to feel like the only customer
- I**nvestment in people , technology and resources
- L**istening to our customers and valuing their business
- L**earning from experience and the ongoing pursuit for excellence

Honesty, Integrity & Respect Are Our Fundamental Principals.

“Driven by the belief that the express and freight forwarding industry will be transformed by customers’ demand for improved Time to Production/Market, ONE Integrated Logistics Limited has geared itself to adapt to such conditions.”

Continuously meeting and exceeding the needs and expectations of our customers.

Being flexible in catering to the diverse needs of our customers.

Building strong relationships with our customers by offering solutions that evolve and adapt to varying market conditions

Versatility Is Also Key. Why?

- Different businesses
- Have different business needs
- With unique business requirements

Because **not** all **businesses**

Are the same !!

Our Key Services. How We Approach Them.

Air Freight

We operate a comprehensive air freight service where every single shipment is handled in a professional and attentive fashion, fully secure and delivered on time. You have the backing of our strong international network of partners, giving flights and transit times that allow us to service all global locations with multiple options.

Sea Freight

As an independent provider of freight solutions we have both the ability and negotiating capacity to always secure competitive rates, but more importantly a high level of service. Moving both LCL and Full Containers around the world with our network of partners, your sea freight is always in good hands. We also have a strong and unique commercial relationship with one of the UK's most experienced sea freight forwarding specialists, allowing us to offer an array of service options.

Our Key Services. How We Approach Them.

International & Domestic Express

For time critical shipments, where timing is of the essence. Our premium world-wide door to door delivery service, together with timed delivery options offers additional peace of mind. On time, every time, that's what we do.

European ECO Express

Do you have small shipments going to Europe that aren't time sensitive or urgent? Why overspend when you can choose our European Eco service. Offering full door to door transit times between 2-5 business days, our European Eco service offers exceptional value every time.

Our Key Services. How We Approach Them.

Logistics Management

To manage the flow of goods between point of origin and final user involves the integration of clear information, robust technology, transportation, inventory, warehousing and secure handling. By working with ONE Integrated Logistics Limited you have the comfort in knowing that we are truly **ONE** provider offering complete solutions for your needs. We believe it is much more productive to listen to our clients requirements and from this provide solutions that fit with your needs, not ours.

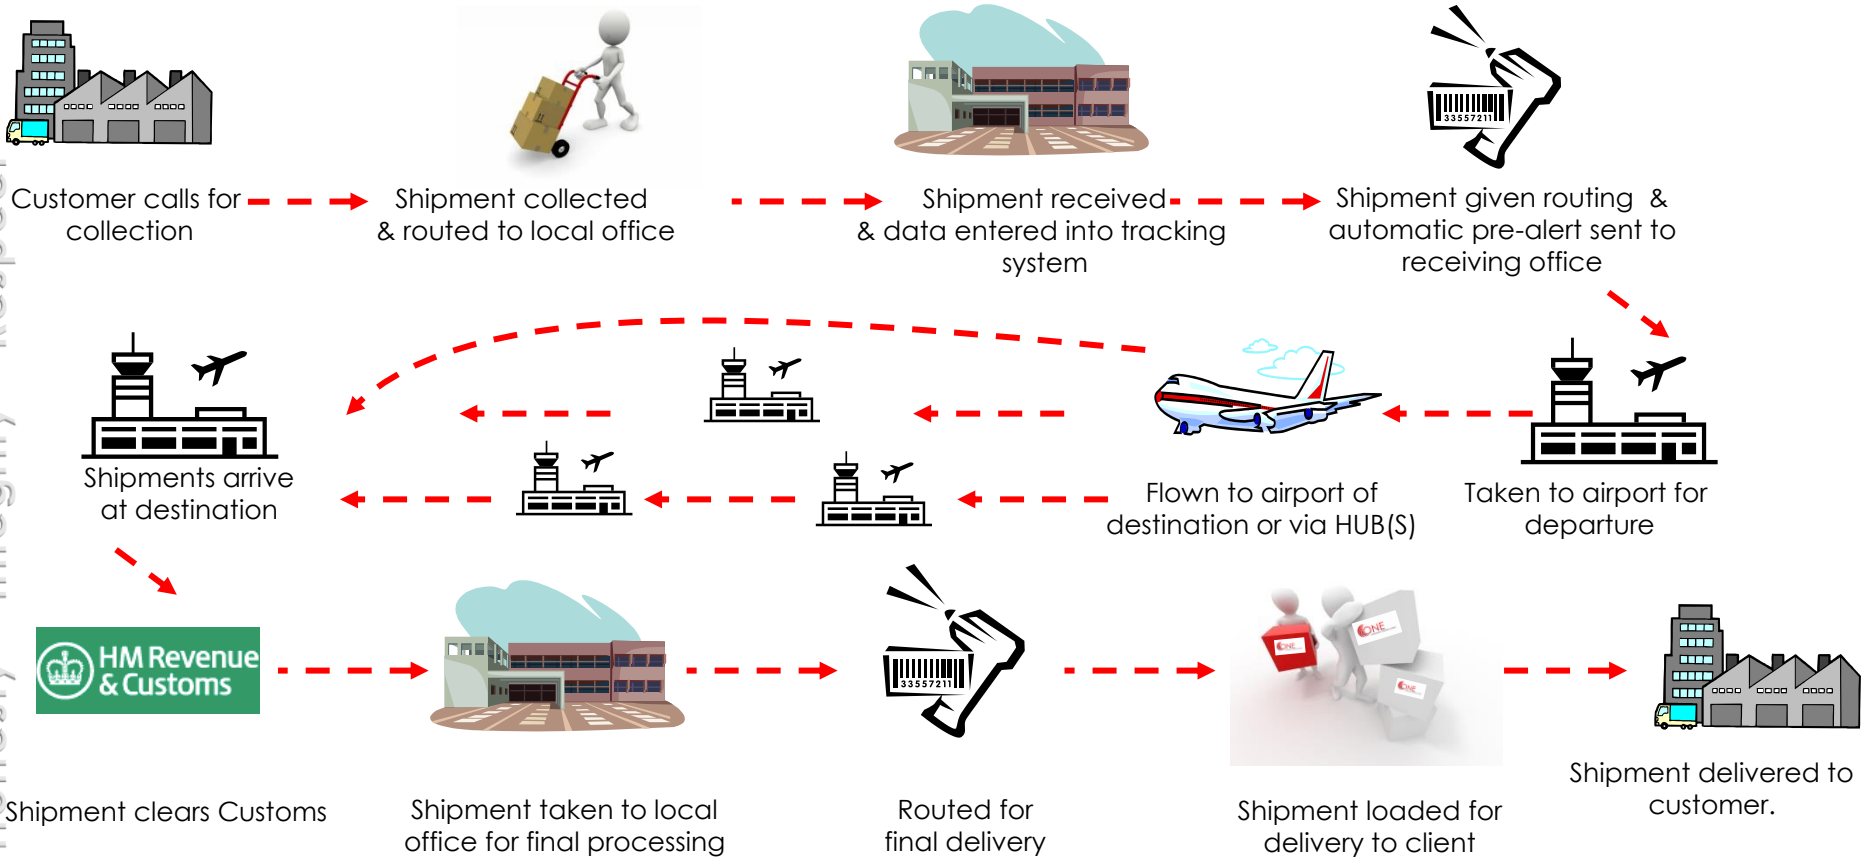

iTrain

An interactive service that helps our customers understand not just the key differences between the wide range of services we offer, but also helping you understand when moving your goods what service will best suit individual needs and budgets. Part of our pledge to offer honesty, integrity and respect, we wish to help our clients make the right choices for their business needs, every time.

Strong Business Partnerships. A Key Component.

The value of having strong business partners can never be underestimated. Unless we have partners with whom we can trust and call upon when needed, we're not competently providing the comprehensive range of services we offer. It is with this in mind we are very selective of who we work with. Below are some of our key global strategic business partners, both operationally and in terms of business support. **We are very proud to work with;**

Value Proposition. The foundation of our business.

"Our values are the foundations for our business and without these we have nothing. Offering the complete range of forwarding and logistic services is what we do, but its how we deliver these services that we hope sets us apart from our competitors."

With Honesty, Integrity and Respect

Honesty -

'If you always tell the truth, you won't have to remember anything'(Mark Twain). Honesty is the best policy, every time, even if we sometime don't like it.

Integrity -

Having an intuitive sense of honesty and truthfulness in regard to the motivations for our actions.

Respect -

Respecting our clients' choice, respecting our colleagues and respecting all we meet along the path of life. Treat those how you yourself would like to be treated.....with respect.

Customer Charter. Our Commitment To Quality

Our customer charter outlines our commitment to provide quality solutions for all our clients.

At **ONE** Integrated Logistics Limited we will stand out and:

- Promise our staff will be polite and courteous when dealing with your enquiry.
- To always offer competitive rates for a quality service.
- To listen to our clients and endeavour to find flexible solutions to their business needs.
- As part of our commitment to offer a quality service we are only a phone call away any time night or day.
- We will treat all problems honestly on an individual basis and endeavour to pursue any issues until they are resolved in a manner which is acceptable to all parties concerned.
- We will handle your logistic requirements with dedication. To us you are not just an account number. A lasting commercial relationship is what we are aiming for.

Meet The Team. It's All In The Name

Anthony O'Neill, Managing Director

Proud dad of 3 girls; Orla-Kate, Maisie and Sadie. Started life in the business way back in 1995 when recruited by Vanguard Freight Systems to develop an international express division, working within the US led Airborne Express global network. Spent the subsequent years developing international express operations for Airborne Express, Aramex and until 2012, Kerry Logistics.

Mike O'Neill, Operations Director

Joined Anthony and Jamie in a professional capacity in 1998 after completing his studies at college and has not been able to escape the industry (or his siblings) since. Spent a combined 10 years developing business at Vanguard which included ground transport, international express and airfreight. When advised of the opportunity to use his experience and knowledge to work alongside his brothers in this new venture he realized it was a great opportunity and in his own words a "No Brainer".

Jonathan O'Neill, Business Development Director

The latest of the O'Neill clan to join the business. Jonny will be taking an active role in the area of front line operations, customer service and business development for the company. Recently graduated from University where he studied Psychology and gained a very respectful 2:1, we are delighted that the youngest of the O'Neill brothers has joined us!

Where Are We. Our HQ

We may not be a global integrator ourselves, but we certainly offer complete global solutions and not just trade lane specific like many of our competitors.

Our connections and affiliations with carefully selected service partners allows us to provide strong and reliable representation world-wide for all your forwarding and logistical service needs.
